Erie Steamer Grounds;

ROCHESTER, N. Y., Sept. 21.—Beating her way up the lake, in the face of a driving southwest wind and heavy sea, a big steam freighter ran aground

early today about a quarter of a mile off shore, opposite Round Pond, on the line of the Rochester and Manitou rail-

Captain Forces and the United States life-saving crew at Summerville went to the rescue.

The unidentified ship, though hard aground, is resting on an even keel and her crew is in no immediate danger.

NEW YORK, Sept. 21.-Strength on the stock market today was centered in the specialties with the motor issues again proving leaders. After opening substantially above yesterday's close the majority of the stocks settled back to or below the last figures of the previous day. Traders were inclined to assume a "scalping" attitude, taking profits in advances.

The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-gages), well secured on real estate in the District of Columbia, constitute "gilt-edga" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$100 upward. Send for booklet "Concerning Loans and Investments."

Sharp Revival of Interest in Local War Stocks on Washington Exchange.

A sharp revival of interest in Lanston Monotype, one of the local war stocks, made that security the leader at today's session of the Washington Stock Exchange. Bid up 2 points over yesterday's figure, 167 shares of the

yesterday's figure, 187 shares of the stock was traded in at 80, and an additional odd lot of 12 share brought 80%. There were several bids for options on the stock and the demand appeared to be unusually good.

Mergenthaler Linotype, the other type stock, also enjoyed a good market. The bid price was advanced 3% points to 174%, at which figure fifteen shares were traded in.

Capital Traction proved the weak spot in an otherwise strong market. After a quotation lot of the stock was sold at 85, or the lowest point in years, a total of twenty-five shares in odd a total of twenty-five shares in odd lots brought 85%. The stock was freely offered at 85.

lots brought \$5\\(\). The stock was freely offered at \$5\). Washington Railway and Electric common, on the other hand, developed a better tone than it has manifested for several weeks. Though the bid for quotation lots was only raised \(\) of a point to \$5\\(\), one broker bid as high as \$7\) for an option on from 100 to 500 shares. He found no offerings, however, at that figure. The other sales of the day included \$1,500 worth of Washington Gas 5's at 105; a Potomac Electric Power first 5 at 105\(\), a consolidated 5 of the same company at 100, and 4 shares of Continental Trust stock at 116\(\). A very gratifying increase in both gross and net operating revenue is shown in the statement issued today by the Baltimore and Ohlo railroad for August, and the first two months of the fiscal year. Gross operating revenue for August

Gross operating revenue for August amounted to \$3,348,857, as compared with \$8,700.376 for the same month of the previous year, or an increase of \$648,481. Total operating expenses on the 5ther hand were \$5,964,350, or only \$21,292 more than in last August. The net operating revenue, consequently, totaled \$3,394,507, or an increase of \$627,189. Operating revenue for the first two months of the fiscal year amounted to \$18,019,610 as against \$16,847,064 in the corresponding period of 1914, an increase of \$1,172,546. Operating expenses were \$11,548,190 as compared with \$11,-807,725, a decrease of \$289,535. Net opera-ting revenue totaled \$6,471,420, an in-crease of \$1,432,081.
